SPE Member Contact Information

To ensure member records are current, we ask that all contact information changes, including e-mail addresses, be submitted promptly to SPE. Effectively providing member services and mailings such as the JPT and other publications, meeting announcements, etc. depends on the accuracy of member information. There are several SPE programs which require e-mail addresses; however, SPE lacks e-mail addresses for a significant number of SPE members. You may update your member contact information online @ www.spe.org or by contacting SPE customer services at 972-952-9393 or via e-mail at service@spe.org.
