SPE Mid-Continent Section | P.O. Box 575, Tulsa, OK 74101-0575 | www.spemc.org

Voting members consist of the Executive Committee. The Chairman only votes in the event of a tie. A Motion can be voted upon with a Quorum of the Voting Members present. A Quorum consists of five Voting Members present. An affirmative vote will consist of 51% of the Quorum present. Committee Chairmen and in their absence, the Committee Vice Chairmen are encouraged to attend board meetings and provide representation and committee reports. The editor welcomes newsworthy items about SPE members or events. Please provide a draft to the newsletter editor by the 25th of the month. Change of contact information requests should be made to SPE in Richardson, TX, 1-800-456-6863, or service@spe.org.
Hello again,

I hope everyone was able to attend February 27th SPE luncheon. Richard Spear’s gave another riveting presentation, talking about the current industry environment and his perspective on the industry. We are certainly seeing some remarkable lows with WTI hitting in the $40 range (hopefully this is short lived)! Many issues impacting all industries with the corona virus and the election uncertainty.

Here we are in the lull after the football season and before springtime. Don’t despair, SPE is willing to ease the boredom by having a number of March and April events. March 12, there will be a TU/SPE joint event with Tom McCoy giving a talk on “Managing Emissions in the Oilfield”. In April, plan to attend the IOR Conference, April 18-22. It will be held this year at the Renaissance Hotel and Convention Center. Thank you to everyone who has a part in developing the Conference, the SPE Mid-Continent Section appreciates all of you! The majority of our funding is through this event, so it helps fuel all other SPE activities.

Also, please remind any college students that scholarship deadline for next year is April 1. This is a tremendous benefit we provide. You can access the form by going to spemc.org.

Hang on, Spring is coming,

Lisa Sullivan
2019-2020 Chairman

PetroWiki is a free resource from SPE to answer many basic petroleum engineering and operational questions. SPE professional members can contribute their expertise through updating or adding to PetroWiki content.

http://petrowiki.org/PetroWiki
Now Available: The SPE International App

The New SPE International App allows you access to SPE anytime, anywhere. It has many great benefits: access to our widely used OnePetro® and PetroWiki® platforms, the latest content from SPE magazines and publications which you can tailor to your preferences, and global networking opportunities through SPE Connect.
Join us for our joint meeting with the student chapter of SPE at Tulsa University (held at the Campbell Hotel Event Center) on Thursday evening, March 12th.

This is the last month you can sign up for the IOR Conference at a reduced rate. Better hurry!!! The Conference is an important section event. It provides scholarship money and the operating capital for our Section—the oldest in the world. Go ahead, make the commitment, register and attend. We have several shale play sessions in the technical program and one short course also highlighting the shale plays. We want to see all of you at our Section’s biggest sponsored event.

Betty Felber
Editor

Extract exists to provide customized solutions — and best-in-class service — for your toughest ESP, HSP, and Gas Lift challenges. As a strong, independent manufacturer and service provider, our goal is simple: To build long-lasting partnerships with valued customers to maximize your well production and field returns.

By providing quality equipment at competitive prices, and delivering them timely and safely to our customers, we’re raising the standard of service (and our customers expectations). When it comes to unmatched expertise, reliability, and responsiveness, X marks the spot.
THURSDAY, March 12, 2020 | Dinner Meeting | Networking 6 p.m., Dinner 7 p.m., Presentation 8 p.m.

Student Night: An Annual Join Meeting of the SPE Mid-Continent Section and the SPE TU Student Chapter

Location: The Campbell Hotel’s Renaissance Square; 2631 East 11th Street, Tulsa, OK 74104 (just west of 11th and Delaware).

Speaker: Tom McCoy, Cimarex Energy

Topic: “Managing Emissions in the Oilfield”

Register: https://spemc031220.eventbrite.com This is a free event but a registration is required. TU students should register using the Doodle Poll link sent by Mike Stafford at TU. Registration ends on March 10th, no walk-ins will be accepted for this event.

Description
“Back-in the day”, the SPE Mid-Continent Section and the seniors of the TU Student Chapter held a joint meeting at the Petroleum Club. While gathering at the Petroleum Club is no longer an option, the two groups re-engaging for an annual networking opportunity is. This is the perfect opportunity for your newest colleagues to meet you as they enter the industry – it is also the perfect opportunity for the Mid-Continent Section to recruit new members that will be actively involved in the Section.

The evening begins at 6 p.m. with a meet and greet and cash bar, 7 p.m. dinner, and 8 p.m. presentation.

Speaker
Tom McCoy, PE is currently Vice President of Production at Cimarex Energy in Tulsa, OK. Tom has also served as Mid-Continent Exploration Manager, Chief Reservoir Engineer and Gulf Coast Engineering Manager at Cimarex. Tom also worked for Vintage Petroleum and for Phillips Petroleum. Tom holds both BS and MS in Petroleum Engineering from the University of Tulsa.
**SPE Mid-Continent luncheon meetings are held at the Summit Club** in Tulsa from 11:20-1:00 p.m. unless otherwise noted.
